

## Appendix 1. Survey of graduates of the British Columbia Pharmacy Practice Residency Programs

### BC Pharmacy Practice Residency Program

#### Introduction

The BC Pharmacy Practice Residency Programs Committee would like to give you an opportunity to share your thoughts on how well the BC Pharmacy Practice Residency Program prepared you for a career in hospital pharmacy. Please note that your response is confidential and that any data summaries made available will not include your individual responses. The survey should take less than 10 minutes of your time to complete. We appreciate your participation!

## BC Pharmacy Practice Residency Program

### Health Authority Specific Service Contracts

Many Health Authorities in the province have introduced service contracts for their respective BC Pharmacy Practice Residency Programs (BCPPRP). The service contracts ensure a 1 to 2 year employment commitment to the respective health authority from the resident following completion of the program.

#### 16. Would a "service contract" have changed your matching decisions for a specific program?

Yes

No

Comments

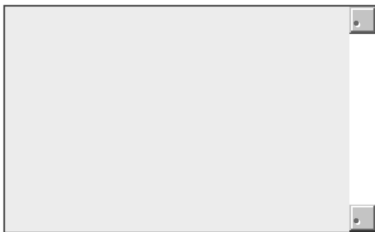

#### 17. Would a "service contract" have changed your decision to pursue a BC Pharmacy Practice Residency Program?

Yes

No

Comments
