

**Supplement 1:** TLC-Act feedback survey for Lower Mainland Pharmacy Services pharmacy residents.

1. Thank you for participating in the evaluation of TLC-Act (pharmacist drug interaction management tool). By continuing with this evaluation survey, you will be providing consent to participate in this study. Do you wish to proceed with this survey?
  - Yes, I provide my consent
  - No, I do not wish to participate in this study
  
2. Which of the following most accurately reflects the number of years you have practiced as a pharmacist?
  - Less than 2 years
  - 3 to 5 years
  - 5 to 10 years
  - 10 to 15 years
  - More than 15 years
  
3. How many times did you use TLC-Act during your clinical rotations (outside of the practice patient cases provided)?
  - Never
  - 1 to 3 times
  - 4 to 6 times
  - 7 to 9 times
  - 10 or more times

*Based on your experience using TLC-Act during your clinical rotations or the practice patient cases provided, please complete the following questions to provide feedback for the TLC-Act tool:*

4. Did the different sections and scoring system of TLC-Act have logical flow?
  - Yes
  - No
  - Somewhat
  
5. Was TLC-Act easy to use?
  - Yes
  - No
  - Somewhat

6. How do you rate the amount of time required to use TLC-Act?
  - Too much
  - Too little
  - Appropriate
  
7. On average, how much time did you require to assess one drug interaction using TLC-Act?
  - Less than 5 minutes
  - 5 to 10 minutes
  - 10 to 15 minutes
  - More than 15 minutes
  
8. How do you rate the amount of information required to use TLC-Act?
  - Too much
  - Too little
  - Appropriate
  
9. How do you rate the level of detail provided by TLC-Act regarding the suggested management of drug interactions?
  - Comprehensive
  - Adequate
  - Inadequate
  - Vague
  
10. How do you rate the use of TLC-Act compared to usual care (i.e. clinical decision software systems, Lexicomp, Stockley's Interactions) in managing the specified drug-interactions?
  - Much more useful
  - Slightly more useful
  - Similar
  - Less useful
  - Much less useful
  
11. How often did the tool prompt you to take a different management approach for a drug interaction compared to your usual management? (Ex. the tool prompted you to take action for a drug interaction that you may have otherwise just monitored for)
  - More than 5 times
  - 3 to 4 times
  - 1 to 2 times

- Never

12. Would you recommend TLC-Act to other pharmacists to help guide their decision making when assessing drug interactions in clinical practice?

- Yes
- No
- Maybe

13. Please provide reasoning for the above answers & areas of suggested improvement for the TLC-Act tool:
