

TRIBUTE TO THE REVIEWERS OF THE CANADIAN JOURNAL OF HOSPITAL PHARMACY

In 2022, a total of 137 individuals with expertise in various areas of pharmacy practice provided feedback on articles submitted for consideration by the *Canadian Journal of Hospital Pharmacy (CJHP)*. In some instances, these pharmacy professionals provided insightful comments on more than one manuscript submission! Without their commitment, the *CJHP* would not be able to maintain the high quality of articles published in each issue.

Thank you for your dedication to one of hospital pharmacy's most prestigious journals!
