

Index to Volume 57 (2004)

The index to Volume 56 contains a subject index and an author index.

In the **subject index**, items are listed under key words as found in the US National Library of Medicine's Medical Subject Headings thesaurus.

In the **author index**, all contributing authors are listed alphabetically with the surname first and initial following. If an item has more than one author, the title is documented under the author name that appeared first when published in the *CJHP*. All other authors are listed referring to the name of the principal author, with the abbreviation "Jt Auth" indicating joint authorship.

Codes in parentheses before the page numbers indicate the nature of the item. Codes linked to page numbers with a hyphen indicate a supplement. The following codes are used in this volume:

A – Article

Abs – Abstract

AGM – Annual General Meeting supplement

BSR – Book and Software Review

CR – Case Report

E – Editorial

EDR – Executive Director's Report

FC – On the Front Cover

L – Letter to the Editor

POR – Presidential Officer's Report

PP – Pharmacy Practice

PPC – Professional Practice Conference supplement

SN – Society News
